

FIG. 211.—Diagrammatic cross-section of the spinal cord, showing on the right side the nerve roots and type nerve fibers. A, Somatic efferent neuron; B, preganglionic neuron of the visceral efferent system; C, postganglionic neuron of the visceral efferent system; D, somatic afferent neuron; D', somatic afferent neuron with unmyelinated processes; E, visceral afferent neuron (interoceptive impulses); PR. G., preganglionic bundle or white ramus; PO. G., postganglionic bundle or gray ramus; SY. G., sympathetic ganglion of the sympathetic chain
