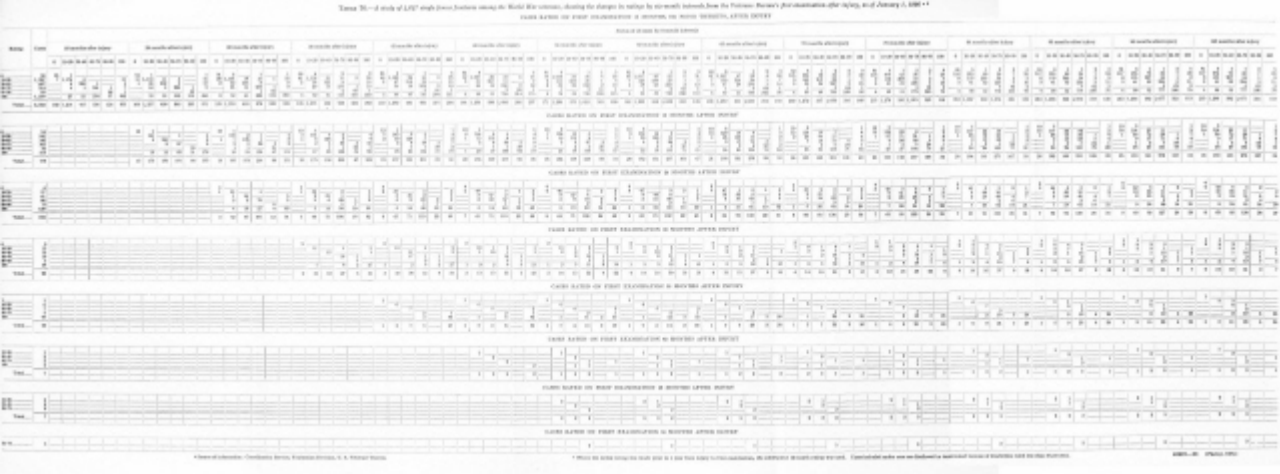
Table 3b—A study of LOL* study favors bottom among the World War veterans, showing the changes in ratings by six-month intervals from the Veterans Bureau's first examination after injury, as of January 1, 1927.**

CASES RATED ON FIRST EXAMINATION 3 MONTHS OR MORE AFTER INJURY



* Name of submarine—Coordinates Service, Evaluation Division, U. S. Veterans' Bureau.

** Where the dollar sign (or item) is in a row that does not contain calculations, the difference should equal the sum. Cases included under one are disallowed in more than 3 years of treatment and the like thereafter.
